Arif Muhammad

UX Designer & Front-end Developer

Dear Sir/Madam,

I have been working as a **Senior UX Designer** at **Cobone** (ME Digital Group) since November 2011 in Dubai, United Arab Emirates.

I can handle a web or app from requirement gathering, project plan, logo design, branding, user interface, user experience, front-end and back-end development till the server deployment.

Work: https://www.behance.net/ariflive
Profile: https://www.linkedin.com/in/ariflive/

I am flexible to learn any new technologies, adopt any trends, ready to face any challenges in different situations and have strong problem solving abilities.

Thank you for your time and consideration. If you think I'd be a good fit for your team, drop me a line.

Best regards,

Arif Muhammad
